

Wireless charger

Convenient charging of mobile devices

The WIRELESS CHARGER allows all Qi-capable mobile devices to be charged. No plugs, no irritating cables – the smartphone or tablet is simply and conveniently placed onto the charging module to charge.

The WIRELESS CHARGER can be very easily and quickly integrated into a wide range of table surfaces. The WIRELESS CHARGER is placed into a cut-out 79 mm in diameter and secured from below in the table surface using clamping claws.
